

B.) SPECIFICATION AMENDMENTS

Please enter the following amendments to the specification, which are presented in accordance with revised 37 C.F.R. § 1.121.

- Please replace the paragraph at page 6, lines 14-18 with the following paragraph:

*a* -- Yet another advantage of the invention ~~according to the preferred~~ embodiments is a cost savings in adhesive, as the present system and method results in a nearly 60-65% reduction in the amount of adhesive required to produce an absorbent garment when compared to a garment manufactured ~~manufactures~~ using the conventional spraying techniques. --
